## Enter your details & verify

Fill in the four fields, then tap **Verify & enrol**.

- **Enrolment number** — exactly as issued by Yenepoya, e.g. **CCNN 1.0/07** (keep the spacing, dot and leading zero).
- **Full name, email & mobile** — the same ones registered with the university.
- Tap **Verify & enrol** — you're matched against the official list instantly.

3

## Enter the verification code

We send a **6-digit code** to your registered email (or phone). Type it in and tap **Verify code**.

- Check your **email inbox** (and the spam / promotions folder) for the code.
- If it doesn't arrive within a minute, tap **Resend code**.

## You're enrolled!

Your enrolment is confirmed and a confirmation email is on its way.

- Tap **Go to your course** to start straight away.
- You're signed in automatically — no separate password needed to begin.

## GOOD TO KNOW

### Verified, not manual

Your details are matched instantly against the official participant list Yenepoya shared with us.

### No duplicate accounts

Already on DNB Mentors? The form recognises you and simply adds this course to your account.

### Instant access

Once verified, the course opens right away — no waiting for manual approval.

## Need help?

If you see **"We couldn't verify you automatically"**, your details don't match the university's list. Re-check them and try again — a common slip is dropping the ".0" or the leading zero in the enrolment number (type it exactly, e.g. **CCNN 1.0/07**), or using a different email / phone than the one registered with the university.
